Helping Students

Learn in a Learner-Centered Environment Terry Doyle, 2023-07-03 Before entering higher education most students learning experiences have been traditional and teacher centered Their teachers have typically controlled their learning with students having had little say about what and how to learn For many students encountering a learner centered environment will be new possibly unsettling and may even engender resistance and hostility Taking as his starting point students attitudes toward and unfamiliarity with learner centered classrooms Terry Doyle explains that motivating students to engage with this practice first of all requires explaining its underlying rationale and then providing guidance on how to learn in this environment This book is about how to help students acquire the new skills and knowledge they need to take on unfamiliar roles and responsibilities It is informed by the author s extensive experience in managing learner centered classes and by his consultation work with faculty The first four chapters focus on the importance of imparting to students the evidence and underlying philosophy that is driving higher education to move from a teacher centered to a learner centered practice and what this means for students in terms of having control over and making important choices about their learning The final eight chapters focus on how to impart the skills that students need to learn or hone if they are to be effective learners in an environment that is new to them The book covers such practices as learning on one s own creating meaningful learning when collaborating with others peer teaching making presentations developing life long learning skills self and peer evaluation and give meaningful feedback This book provides a rich and informative answer to the fundamental question how do I help my

students adjust to a learner centered practice *The Human Capacity for Transformational Change* Valerie A. Brown, John A. Harris, 2014-02-24 Pressures for transformational change have become a regular feature of most fields of human endeavour Master thinkers and visionaries alike have reframed existing divisions as connecting relationships bringing together as dynamic systems the supposed opposites of parts and wholes stability and change individuals and society and rational and creative thinking This reframing of opposites as interconnected wholes has led to realisation of the power of a collective mind This book offers ways and means of creating the synergies that are crucial in influencing a desired transformational change towards a just and sustainable future It describes how and why our current decision making on any complex issue is marked by clashes between the different interests involved More optimistically the book pursues a mode of thinking that brings together government specialised and community interests at the local regional and personal scales in a collective transformation process Practical examples signal the emergence of a new knowledge tradition that promises to be as powerful as the scientific enlightenment Written in accessible language this book will be insightful reading for anyone struggling with transformational change especially researchers students and professionals in the fields of administration governance environmental management international development politics public health public law sociology and community development *201 Ways to Involve Parents* Betty Boulton, 2016-04-06 Proactively Develop Parental Involvement for Students Growth and Achievement Years of research and practice show that connecting with families positively impacts student achievement 201 Ways to Involve Parents is packed with realistic and ready to use ideas to help teachers and administrators actively engage parents as educational partners This new edition includes current research on the impact of parent involvement in the school community offers numerous new strategies and provides expanded coverage of ways to build bridges between schools and diverse families including Innovative ways to sustain ongoing communication with families Ideas for welcoming parents as vital members of the school community Strategies for including parents in school governance Techniques for developing parent volunteer programs and more Start today to strengthen your classroom and school by working collaboratively with caregivers *Voices from the Classroom* York University (Toronto, Ont.).
