

# Small Engine Repair Price Guide

This price guide is just what I charge people per job. You can change or adjust for your location and demand as needed. Please consider the cost of overhead for your business when you adjust the prices. When first starting out, I recommend an hourly shop rate of \$10 dollars under the competition. Call around and find out their prices. I charge \$65 an hour, but mostly charge by the job, which is why I made this list for you. Remember, to always keep customers numbers and emails to get winter business and new season business. Always remember as well when editing prices always be fair and honest, but reasonable.

- **Carburetor replacement: \$60 plus price of the carburetor.**
