## **Guide To Writing Officer Evaluation Reports:**

**Learning the Ropes** James Dupureur, Lushan Hannah, 2021-05-11 The relationship between officers and enlisted is very complex. Most junior members, officers, and enlisted do not know the influence each has upon the other and how each can affect the other's career. This book gives much needed guidance and new tools that can help both and is something I wish I had available when I served Master Chief Jay Calkins USCG retired. With over 40 years of experience combined, James M Dupureur USCGR ret and Lushan Hannah active duty CG member thought it would be beneficial to officers, enlisted, and civilian personnel to create a reference or guidebook that covers the Officer Evaluation Report, the assignment process, the promotion process, the Enlisted Evaluation Report, and career tips and advice. Information on these topics is scattered among numerous instructions, manuals, web pages, and websites. These are written from a one source point of view and rarely show how each affects the other. For example, does the Leadership Development Framework instruction relate to the Officer Evaluation Report? How does the Commandant's Guidance to Boards and Panels, which describes traits and characteristics, relate to your OER and your military record? Written from years of personal experience and years of personal notes taken during discussions facilitated by rear admirals in wardrooms, commanding officers during JO development sessions, and discussions with mentors, the ideas and opinions in this book are based on personal experiences from both an active duty and a Reserve officer's point of view. In 2020, the USCG launched a website titled MyCG. This website is loaded with great information valuable to a successful career. Readers are encouraged to visit MyCG on a regular basis and download the app as well. When Dupureur and Hannah started their careers, there was no clearinghouse of advice. A lot of the guidance in this book was obtained through actual experience and conversations with successful officers over the years. This book can be used as a reference to generate career discussions among supervisors, subordinates, mentors, assignment officers, shipmates, and family members.
