# INSTRUCTIONS: SIMPLIFIED ACCOUNTING GUIDELINES FOR PROBATE ACCOUNTS

**READ ME.** The court accountant has prepared Accounting Guidelines for Probate Accounts. This is a **SIMPLIFIED** version of the guidelines to help non-accountants and non-lawyers complete the court paperwork. To use these Simplified Guidelines, you should have a copy of the Superior Court Form for Submission of Final Accounting. If you are not sure how to complete the court papers, contact an accountant or a lawyer for help.

**BACKGROUND INFORMATION.** The following information is to assist you in preparing an account of the estate for approval by the judge. The purpose of an account is to present financial information in a format which is meaningful to the interested parties. The account should be understood by persons who are not accountants and lawyers. The information should be presented in a simple but complete format to help everyone understand the administration of the estate. Parties should easily be able to determine what came into the estate, what went out, and what is left in the estate at the end of the accounting period.

1. **Time period:** Write in the dates for which this accounting was prepared (for example, March 1, 1999 to February 28, 1999).
2. **Bond:** If this applies to your case, write in the current bond amount. Write in the amount the bond should be increased or decreased to based on the amount that will cover the estate's unrestricted assets plus the unrestricted income for the next accounting period (generally one year).

### ACCOUNT SUMMARY

**INSTRUCTIONS:** Complete lists A through E. Then, write the final amounts from each list on the Account Summary.

#### LIST A: BEGINNING BALANCE:

- ✓ If this is the First Account, use the Inventory and Appraisal figure you submitted when you were appointed conservator. If this is the Second Account or any other account, use the same information you used as the ending balance for the previous Account. You can copy the ending balance from the previous account and write in LIST A.
- ✓ List the account numbers and institution for all bank accounts. List all assets with an adequate description so that the asset can be located and identified (addresses of properties, year, make, and model of vehicles, insurance company name and policy number, and so forth). List life insurance policies at cash value (or if a carrying value is used, then report the cash value in the Information Schedule on Investments).
- ✓ Include with the beginning and ending assets all information about any debts owed or liens on the assets, like a house or automobile. Include the following information about the debt or lien: the payee, the principal balance, interest rate, and the pay-off date. Be sure that if any assets are restricted you label them "restricted."

After you finish List A, put the total at the bottom of the page on line A of page 1.

#### LIST B: MONEY RECEIVED DURING THIS ACCOUNT PERIOD:

- ✓ Only list items which represent income to the estate during this account period.
- ✓ Itemize all money received by date of receipt, payer, description by type of receipt (interest income, dividends, social security, and so forth), and other details to identify the income source (such as account numbers, and amount). If you have a lot of receipts (more than two pages for List B), group some receipts together. For example, report the total interest earned from one particular account on one line. In addition, if you group the receipts together, you must keep a back-up schedule detailing the money received under each group and attach a copy of the back-up schedule to this form.
- ✓ Do not include transfers of funds from one account to another within the same estate. Report transfers of funds on an additional paper. Report anytime you closed or opened an account, cashed in or purchased an insurance policy, or any other transfer of funds in which the original form of the asset is discontinued or a new asset is obtained.

After you finish List B, put the total at the bottom of the page on line B of page 1.
