

Exam 2 Community Health

Study online at https://quizlet.com/_furn9xo

When the team is planning a meeting next week what is most important to ensure at the end of the meeting?	Clear goals and objectives for a plan to address the issue identified
After walking through the community and performing direct observations, A nurse decided an action plan was needed to be developed for the community related to the lack of proper housing. What strategy did the nurse likely use when doing the assessment?	Community mapping
Based on the report documented by the nurse, what kind of assessment did the nurse complete? This month's assessment was on the population of clients who have heart failure to use the health department for healthcare needs. 30 clients were seen this month, 5 of them were new and 25 were existing clients. All clients reside in the community close to the health department. The detailed assessment will be completed and shared with the team tomorrow. What kind of assessment is this?	Population focused
The nurse plans to work with a team who is focused on helping a community understand the practices and factors for the environment that impact risky behaviors that teenagers in the community make. What community health assessment should the nurse plan to use to address this issue?	Problem or health issue
The nurse leads a community assessment team dividing the task of the assessment among team members and instructing the team on the tasks that must be priority. Which task should be given priority?	Conducting a windshield survey
The nurse plans to speak to a group of community leaders about factors that help establish the health of their communities. What must be included in the plan when the nurse speaks about the factor of community competence?	Commitment to the community
The nurse has completed a community assessment and analysis of the data shows there is a high risk of pedestrian injuries related to motor vehicle accidents in one area of the community. What is the nurse's likely interpretation of this finding?	Sidewalks are lacking in that part of the community.
When the nurse uses participatory community based research as a means of engaging community members, what assessment of the community members who agree to participate is important?	Shared vision of the community assessment
Community assessment performed guided using the community health assessment in group evaluation change model assessment team performed a windshield survey using focus groups and interview key informants information from last years census was also reviewed HOW DID THE TEAM USE SECONDARY DATA IN COMPLETION OF THE COMMUNITY ASSESSMENT?	Review of last years Census
The preceptor has instructed the new public health nurse on the process of a community assessment. When the nurse is tasked with forming a team to complete an assessment, which action by the nurse leads the preceptor to believe further training is needed?	The nurse completed the assessment and then started the planning phase right away.
While driving in a town and conducting a windshield survey, the nurse observes children playing in the street. Based on this specific observation, what additional assessment is important for the nurse to make? SATA.	Presence of greenspace, number of parks
The nursing team works in the assessment phase of the community program plan. What is important for the team to assess at this point in the process?	Strengths and weaknesses in the community
In community program planning, the nurse develops interventions to address the need for building a community park. What nursing action is appropriate in this phase? SATA.	Establishing clear goals for the park, determining the personnel to get the work done and asking about reliable funding opportunities
While addressing the evaluation phase of community program planning, what statement by one member of the community pro-	I think it is important that we use the community needs assessment
