dramas of this thoughtful intelligent and high spirited girl As The Guardian noted Each page of Esther s Notebooks is self contained there s usually a neat punchline but read them all and you come to see that Sattouf has drawn a portrait of a generation their hopes dreams and cultural references the way that their personalities backgrounds many of the children portrayed have parents who are immigrants and preconceived ideas about sexuality begin to play out even before they ve begun secondary school The result is a bit like a cartoon version of Michael Apted s landmark TV series Up These funny well observed comics are fantastically daring
