GENERAL CHEMISTRY

The Essential Concepts

The cover features several molecular models on a dark, textured background. In the center, a diatomic molecule is shown with two purple spheres connected by a light-colored rod. To its right, a green arrow curves upwards and to the right. In the bottom left, two purple spheres are shown with a bright green laser beam passing through them. Scattered throughout the background are various other molecular models, including diatomic molecules and larger, more complex structures, all rendered in shades of purple and pink.
