Grade 11 Consumer Studies Overview November 2013:

Food and Cooking Skills Education Anita Tull, 2018-01-29 Food and Cooking Skills Education FCSE is a complex mix of policy and practicality educational theory and pedagogy classroom and government policy This book shows how FCSE has been at the centre of a tussle between education and policy for decades It reviews how FCSE has grappled with various significant issues of concern that threaten to marginalise it and pose problems for educational practicalities as expectations are increased but resources are squeezed It assesses the debate about the significance and importance of acquiring practical food and cooking skills in a society where the purchase of ready made food has become commonplace and public knowledge of where our food comes from is noticeably lacking This has contributed to the escalating incidence of diet related diseases and the attendant cost to society and threatened environmental sustainability In turn governments have reacted by proposals to make practical cooking skills a statutory National Curriculum subject as part of the armoury for tackling such costs Based on detailed research conducted across England and Wales as well as comparisons with thirty five other countries or states the author makes recommendations for policy to manage this challenge facing contemporary society

Misinformation and Mass Audiences Brian G. Southwell, Emily A. Thorson, Laura Sheble, 2018-01-24 Lies and inaccurate information are as old as humanity but never before have they been so easy to spread Each moment of every day the Internet and broadcast media purvey misinformation either deliberately or accidentally to a mass audience on subjects ranging from politics to consumer goods to science and medicine among many others Because misinformation now has the potential to affect behavior on a massive scale it is urgently important to understand how it works and what can be done to mitigate its harmful effects Misinformation and Mass Audiences brings together evidence and ideas from communication research public health psychology political science environmental studies and information science to investigate what constitutes misinformation how it spreads and how best to counter it The expert contributors cover such topics as whether and to what extent audiences consciously notice misinformation the possibilities for audience deception the ethics of satire in journalism and public affairs programming the diffusion of rumors the role of Internet search behavior and the evolving efforts to counteract misinformation such as fact checking programs The first comprehensive social science volume exploring the prevalence and consequences of and remedies for misinformation as a mass communication phenomenon Misinformation and Mass Audiences will be a crucial resource for students and faculty researching misinformation policymakers grappling with questions of regulation and prevention and anyone concerned about this troubling yet perhaps unavoidable dimension of current media systems

China's New Retail Economy Shuguang Wang, 2014-01-10 Retail is the essential link between production and consumption The dynamics of a nation s economy cannot be fully understood without a good understanding of its retail sector This book is written to achieve three broad objectives First it provides a comprehensive assessment of the changes in consumption patterns in China the current size of the Chinese consumer market and the regional variations

Second it presents an interpretation of the changes in the country's regulatory system and the corresponding policy initiatives including the new state spatial strategies devised after its admission to the WTO Third it delivers a systematic analysis of the transformation of China's retail sector This includes the entry and expansion of foreign retailers the development of indigenous retail chains as a national strategy to modernize China's retail industry and the changing retailer supplier relations This book is a useful reference not only for university students and faculty researchers but also for international retailers and commercial real estate developers who contemplate business and investment opportunities in China
