Everything Beautiful Is Far Away:

Everything Beautiful in the World Lisa Levchuk, 2013-08-13 Lately I feel like an astronaut out on a space walk constantly praying the tube attaching me to the ship doesn't snap and send me flying into outer darkness The only good thing about having a mother with cancer is that people are willing to let you get away with pretty much anything Like failing a Latin test Or being late to class Or skipping tennis practice But there's one thing Edna's fairly certain even she can't get away with her burgeoning romance with Mr Howland her fourth period Ceramics teacher That day when Mr Howland kissed her in his office she felt like she was floating like she could levitate right out of her skin It's Mr Howland with his tousled blond hair and his beautiful guitar and his spot on impression of Dracula who makes Edna feel happy for the first time in a long time But what does Mr Howland want And how does Edna really feel about her mother about Mr Howland about moving forward Set in New Jersey in the 1980s this is a piercing story about decisions both heart wrenching and wonderful and how life and love so often lead us down unexpected paths

Far Away and Long Ago W.H. Hudson, 1918

Far Away and Long Ago: A History of My Early Life William Henry Hudson, 2025-03-29 Far Away and Long Ago A History of My Early Life by W H Hudson is a luminous naturalist memoir that transports readers to the Argentine pampas of the 1850s where the author spent his extraordinary childhood This 19th century autobiography written when Hudson was seventy six vibrates with youthful wonder as it reconstructs his formative years amid the untamed landscapes and colonial outposts of South America The narrative unfolds through Hudson's dual lenses the wide eyed boy discovering the pampas teeming wildlife from ovenbirds to pumas and the seasoned naturalist reflecting on how these encounters shaped his life's work Vignettes alternate between ecological observations like his account of riding through locust plagues and colonial life portraits gaucho knife fights British expatriate eccentricities and indigenous horse tamers A pivotal chapter details Hudson's near fatal childhood illness that awakened his preternatural sensitivity to nature's voices What elevates this beyond typical nature writing is Hudson's unsentimental yet poetic style His description of watching a flock of plovers moving like a gray cloud demonstrates the precise observation that later influenced conservationists The memoir's second half darkens as Hudson witnesses the pampas transformation by European settlers an early ecological lament that makes this a foundational text in environmental literature

Far Away and Long Ago - Autobiography of His Youth William Henry Hudson, 2013-04-18 William Henry Hudson spent the first 18 years of his life living among the stunning landscape of the Argentine Pampas and studying the diverse flora and fauna there This fascinating autobiography of his early years shows a young man with an enquiring mind that would help him become the leading ornithologist of his day he was fascinated by the interactions of animals and humans alike living on the border of what was then a wild frontier Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Pomona Press are republishing these classic works in affordable high quality modern editions using the original text and artwork
