**Isbel Orr MacKenzie**

## **Evil Allures But God Endures:**

Evil Allures, But God Endures Leo Tolstoy, 2015-12-27 The slaves praise their master praise for his kindness One amongst them lays a wager that if he is provoked their master will lose his temper and prove himself just as evil as any other master When a trusted slave deliberately angers his master he does an amazing thing Tempted by anger a good man upholds his virtue

**Tolstoy** Ernest Joseph Simmons, 2014-08-27 Tolstoy's fame as one of the world's greatest novelists has never been in doubt but the importance of his views on the social moral and religious issues of his time is not so widely recognised This study first published in 1973 presents an introduction to the historical and cultural background of Tolstoy's lifetime then going on to consider the major events of his developing personality as a writer and reformer As well as considering the famous novels and literary criticism Simmons treats his educational theories and practice famine relief work spiritual crises and religious social and moral beliefs as reflected in controversial writings such as What I Believe What Then Must We Do and The Kingdom of God Is Within You He also investigates Tolstoy's involvement in government war and revolution and the relevance of his reformist views in the contemporary world

Anniversary Essays on Tolstoy Donna Tussing Orwin, 2010-02-25 A century after Leo Tolstoy's death the author of War and Peace is widely admired but too often thought of only with reference to his realism and moral sense The many sides of Tolstoy revealed in these essays speak to readers with astonishing force relevance and complexity In a lively challenging style leading scholars range over his long life from his first work Childhood to the works of his old age like Hadji Murat and the many genres in which he worked from the major novels to aphorisms and short stories The essays present fresh approaches to his central themes love death religious faith and doubt violence the animal kingdom and war They also assess his reception both in his lifetime and subsequently Setting new agendas for the study of this classic author this volume provides a snapshot of more current scholarship on Tolstoy

**Index to Short Stories** Ina Ten Eyck Firkins, 1923

Introduction to Tolstoy's Writings Ernest Joseph Simmons, 1968 This book consisting in large measure of a selection of material from my published works attempts to describe and discuss all those writings of Tolstoy which appear to have enduring significance With few exceptions they are works that have been translated into English His fiction and plays have been considered with some regard for chronological order in an effort to trace Tolstoy's development as a creative artist But I have also included treatments of major non literary works in order to show his concurrent development as a thinker and reformer in such diverse fields as education religious thought aesthetics and social political and moral problems The book is not intended for scholarly specialists on Tolstoy though they might gain some insights here and there from its pages nor does it pretend to offer studies in higher criticism of his famous novels The effort is what its title indicates an introduction to the writings of Tolstoy for those readers who wish initially to find their way among his voluminous works
