Example: Passage With Phrase-Cued Text Annotation

For animals that drift through the sea without the benefit of eyesight/ jellyfish have

managed to survive remarkably well// In fact, in areas where overfishing and habitat

destruction have reduced fish populations/ jellyfish are now becoming the dominant

predators//

It turns out that jellyfish/ despite their sluggish looks/ are just as effective at hunting

and catching meals as their competitors with fins// They may not move as quickly/ but

in a study published in the journal Science/ researchers found that many jellyfish use

their body size to increase their hunting success// With their large, watery bodies and

long tentacles/ they conserve energy/ by letting currents guide them into their prey,

said José Luis Acuña/ an author of the paper and a biologist at the University of Oviedo

in Spain//

Grade 2 Phrase Cued Text
