Extended Temporalities Aa. Vv.,2016-06-27T00:00:00+02:00 This book contains a series of reflections on the theme of temporalities in cinema in the world of art They do so interweaving various paths and various structures in order to arrive at different destination points Which temporalities one may wonder On the boundary between cinema and contemporary art where boundaries actually no longer exist the idea of temporality is affected by paths opened up in historical moments which are actually so recent as to be simply in front of our eyes Video for example derived from television has since been overtaken by the digital evolution yet does not relinquish its domestic function it re creates itself in new forms The same also applies to cinema Art is certainly not limited to this but since it is determined by its technical form in this it continually finds essence and continuity thus a temporality emerges which is determined by technology and by technological change Just as with the temporality determined by the spectator s viewing experience it reveals itself as being in part the personal essence of the subject Therefore they are extended temporalities since they are determined by the unique and unrepeatable combination of the length as predicted by the creator of the work and the unpredictable time management of the observer of the work sometimes bored thoughtful concentrated patient An extendable temporality
