

Introduction

Paper or silicon? (12/13):

- Rise in digital media always leads to fall in print
- People prefer a wide range of media types
- TV changed the way we use radios and how often we use it, but it didn't eliminate it. Similarly, digital media has changed print but hasn't eliminated it.
- Print provides a multi-sensory experience- both visual and tactile. Touch helps us learn and experience.
- Research shows that print helps comprehension and long-term memory more than online media
- The study also found that paper quality affects the way a message is received -true for all demographics
- This book explores the notion that multi-sensory efficiency of ink on paper can effectively be combined with the versatility and flexibility of online media.

Chapter 1

Overview (pg 19/20):

- The term "Graphic Communication" means the art, science and business of print
- The practice of applying color, it's more complex than it used to be, rapidly-changing business
- Visual expression and modern business
- Shifted to a more complex technology-driven model
- Print is part of visual communications as a whole, however far too many graphic designers lack understanding for print.
- Graphic design and print work hand and hand
- Print graphic communication has three main parts
 - Prepress
 - Press
 - Post Press

Digital Tools and Changing Roles(pg 21/22):

- As with most fields, print has been transformed by computer technology - This is no aspect that is unaffected by digital tools and infrastructure With new tools, comes radical change in job responsibilities, roles, and job descriptions. Specialists are versed in the growing array of equipment and peripherals used in creating print media.

Often, individuals are not directly employed by print companies, but by:

- Publishers
- Advertising Agencies
- Design Firms
- etc.

Example: **Electronic Publishing and Imaging Specialist**, typically this person has a degree in graphic communications, **graphic design**, or in a related field involving computer science. Experience in traditional print processes is as valuable as the ability to keep up
