**Justice in Young Adult Speculative Fiction** Marek C. Oziewicz, 2015-04-17 This book is the first to offer a justice focused cognitive reading of modern YA speculative fiction in its narrative and filmic forms It links the expansion of YA speculative fiction in the 20th century with the emergence of human and civil rights movements with the communitarian revolution in conceptualizations of justice and with spectacular advances in cognitive sciences as applied to the examination of narrative fiction Oziewicz argues that complex ideas such as justice are processed by the human mind as cognitive scripts that scripts when narrated take the form of multiply indexable stories and that YA speculative fiction is currently the largest conceptual testing ground in the forging of justice consciousness for the 21st century world Drawing on recent research in the cognitive and evolutionary sciences Oziewicz explains how poetic retributive restorative environmental social and global types of justice have been represented in narrative fiction from 19th century folk and fairy tales through 21st century fantasy dystopia and science fiction Suggesting that the appeal of these and other nonmimetic genres is largely predicated on the dream of justice Oziewicz theorizes new justice scripts as conceptual tools essential to help humanity survive the qualitative leap toward an environmentally conscious culturally diversified global world This book is an important contribution to studies of children s and YA speculative fiction adding a new perspective to discussions about the educational as well as social potential of nonmimetic genres It demonstrates that the justice imperative is very much alive

in YA speculative fiction creating new visions of justice relevant to contemporary challenges **The Networked Library** Melissa A. Purcell, 2012-07-16 The lesson plans in this book enable educators to easily incorporate networking technologies into the classroom not just a fun enrichment activity but one that is selective and intentional to teach the required standards Our Web 2.0 world is based on participation Incorporating networking sites into classroom lesson plans invites students to participate and get involved using the digital learning styles with which they are already accustomed interacting with new information building knowledge and sharing that knowledge with an authentic responsive audience The Networked Library A Guide for the Educational Use of Social Networking Sites demonstrates how integrating networking tools that students enjoy using can improve their learning in the classroom The book is designed to take educators who are new to networking sites from the ground up while allowing experts to jump directly into the lesson plan chapters It covers many types of networking sites that educators can use to their advantage media sharing sites including YouTube TeacherTube Wikimedia Commons and Flickr microblogs and wikis such as Wikispaces PBworks and Twitter and social networking sites including Facebook Ning and Edmodo
