[Policy and Procedure Financial Manual for the Church](#) Lana Jones, 2016-03-08 The church is facing many problems in this day and time One of the biggest problems is improper handling of the church finances In *Financial Policy and Procedure Manual for the Church* the focus is on the proper use and safekeeping of the finances As with any business a church needs to have controls in place to protect the finances The goal of this manual is for everyone to do things according to the word of God We are called to show integrity in everything we do especially in handling the matters of the church We have to follow rules and regulations in handling the finances of the church This manual will help aid you in doing things God s way instead of man s way the world because our goal is for God to get the glory in everything we do This manual makes it easy to follow directions and guidelines that will help you combat some of the financial problems in the church

Church Laws and Ecumenism Norman Doe, 2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an

essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers
