1. Peoria Accelerated high school needs to move the campus for safety reasons. They decide to move the school 20 miles West and 35 miles North. Assuming the positive y-axis on a coordinate plane as north, write the function for the translation.

The function for the translation is  $x-20,y+35$  because the 20 is on the west which is negative and the 35 is on the north which is positive.

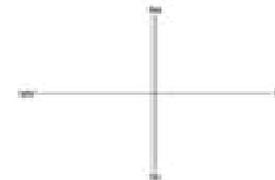

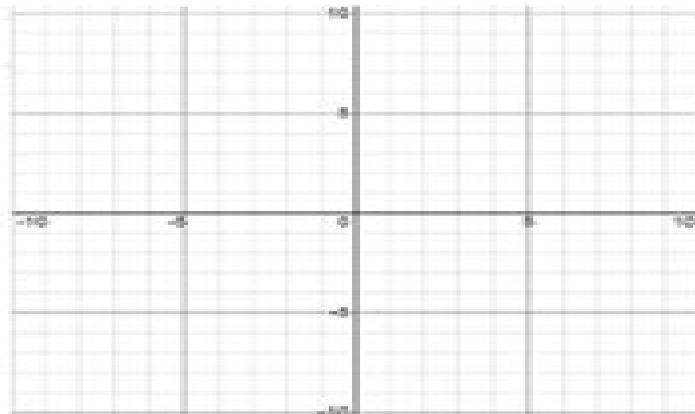

2. Two Planes take off from the same place.
