Macy Works The Show:

Macy Works the Show Matthew Lee, 2017-10-29 Macy and James are back on their next adventure. Some time has passed and Macy finds herself attracted to a group of men she never thought she would. James can only hold on as Macy's lust takes off again, dragging both of them on an unexpected odyssey full of lusty sex and angst-filled voyeurism. **The Routledge Handbook of Critical Pedagogies for Social Work** Christine Morley, Phillip Ablett, Carolyn Noble, Stephen Cowden, 2020-01-20 The Routledge Handbook of Critical Pedagogies for Social Work traverses new territory by providing a cutting edge overview of the work of classic and contemporary theorists in a way that expands their application and utility in social work education and practice, thus providing a bridge between critical theory, philosophy and social work. Each chapter showcases the work of a specific critical educational, philosophical and/or social theorist, including Henry Giroux, Michel Foucault, Cornelius Castoriadis, Herbert Marcuse, Paulo Freire, bell hooks, Joan Tronto, Iris Marion Young, Karl Marx, Antonio Gramsci, and many others, to elucidate the ways in which their key pedagogic concepts can be applied to specific aspects of social work education and practice. The text exhibits a range of research-based approaches to educating social work practitioners as agents of social change. It provides a robust and much-needed alternative paradigm to the technique-driven, conservative revolution currently being fostered by neoliberalism in both social work education and practice. The volume will be instructive for social work educators who aim to teach for social change by assisting students to develop counter-hegemonic practices of resistance and agency and reflecting on the pedagogic role of social work practice more widely. The volume holds relevance for both postgraduate and undergraduate qualifying social work and human services courses around the world. *Cold War American Exhibitions of Italian Art and Design* Antje Gamble, 2023-07-13 Enriching the existing scholarship on this important exhibition, *Italy at Work: Her Renaissance in Design Today 1950-53*, this book shows the dynamic role art, specifically sculpture, played in constructing both Italian and American culture after World War II. Moving beyond previous studies, this book looks to the archival sources and beyond the history of design for a greater understanding of the stakes of the show. First, the book considers art's role in this exhibition's import, with prominent mid-century sculptors like Giacomo Manzù, Fausto Melotti, and Lucio Fontana included. Second, it foregrounds the particular role sculpture was able to play in transcending the boundaries of fine art and craft to showcase innovative formalist aesthetics of modernism without falling in the critiques of modernism playing out on the international stage in terms of state funding for art. Third, the book engages with the larger socio-political use of art as a cultural soft power, both within the American and Italian contexts. Fourth, it highlights the important role race and culture of Italians and Italian Americans played in the installation and success of this exhibition. Lastly, therefore, this study connects an investigation of modernist sculpture, modern design, post-war exhibitions, sociology, and transatlantic politics and economics to highlight the important role sculpture played in post-war Italian and American cultural production. The book will be of interest to scholars working in art history, design history,
