...take you beyond the camera's instruction manual.

## Canon EOS A2E and A2

*"These books are essential gear, whether you own the camera, are thinking about buying it, or just want to know how it works."* *Shutterbug Magazine*

**World's  
most popular  
camera  
guides**

**If you own this camera**— Step-by-step instructions in an easy-to-understand format help you take advantage of the camera's many capabilities and take better pictures.

**If you're shopping**— Magic Lantern Guides will help you to select the right camera with the features you want.

**Magic Lantern Guides — the original photo equipment guides sold worldwide since 1976.**

Manufacturers' instruction books are at times confusing and overly technical. They don't include "tips" and techniques that make using your camera more rewarding. Magic Lantern Guides make it easy for you to take advantage of all of the camera's innovative features for professional results. They also include information on selecting and using lenses and accessories.
