These two options continued to be available up to the 1956 model year at which time the rigid frame models were discontinued. However, as most of the spring frame models and newer variants of the 16 18 G3 and G80 series remained in production through 1966, this manual will also be of use to owners of any model year of the entire 1945 to 1966 production run of the spring frame 16 18 G3 and G80 models. However, the reason this manual has an end date of 1956 is due to the fact that the factory ultimately issued a combination workshop manual that covered all of the 1957 and later singles and twin cylinder machines. Unfortunately, as this later manual is inclusive of all models, the data is of necessity somewhat fragmented and not as focused as the earlier model specific manuals. However, owners of the 1957 and later 350cc and 500cc Heavyweight Singles will also find the 1957 factory manual ISBN 9781588502582 to be of use. VelocePress.com has been publishing reprints of motorcycle and automobile manuals since 2003, and our publications have earned excellent reviews worldwide, so you can be assured you are purchasing a quality product. We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile, as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling. Many are nothing more than poor quality comb bound or ring bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre-owned, used, or even refurbished. In addition, they are often advertised for the incorrect series and/or model years. With more than 250 titles in print, VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA. Associated Motor Cycles Limited, 1978 AJS & MATCHLESS 1948-1956 TWIN CYLINDER WORKSHOP AND PARTS MANUALS FOR THE 500cc & 600cc MODELS 20 - 30 - G9 & G11 Floyd Clymer, 2025-06-27 130 pages with more than 55 illustrations, diagrams, and charts, size 6 625 x 10 250 inches. This manual covers the 1948 to 1956 AMC 500cc and 600cc twin cylinder AJS Model 20 and 30 and the Matchless Model G9 and G11. As most of the details that differentiate the AJS and Matchless models are minor and predominantly aesthetic, and in order to eliminate unnecessary duplication, we have only included reprints of the original AMC 1956 Matchless Super Clubman Workshop Manual and the 1956 AJS Springtwin Illustrated Parts Manual. PLEASE NOTE: While these are faithful reproductions of the original manuals, they have been increased in size by almost 25% in order to make them significantly more readable. Obviously, this manual will be of use to owners of any model year of the entire 1948 to 1961 production run of the 20 G9 30 and G11 series. However, the reason it has an end date of 1956 is due to the fact that the factory ultimately issued a combination workshop manual that covered all of the 1957 and later singles and twin cylinder models. Unfortunately, as this later manual is inclusive of all models, the data for the earlier twin cylinder machines is somewhat fragmented and not as focused as the earlier model specific manuals.

However owners of the 1957 and later 500cc and 600cc twins may also find the 1957 factory manual ISBN 9781588502582 to be of use A brief overview of the AJS Model 20 and 30 and the Matchless Model G9 and G11 The 20 and G9 500cc models were introduced in 1948 and remained in production until 1961 The 30 and G11 600cc models were introduced in 1955 and discontinued in 1958 The reason that the 30 and G11 models had such a short production run was due to the 1959 introduction of the 650cc Model 31 and G12 which basically obsoleted the 600cc series The elimination of the 600cc models was likely a marketing decision in order to both reduce the number of different models available and also to bring the AJS and Matchless model range into the more commonly accepted 500cc and 650cc offerings VelocePress com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound or ring bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years With more than 250 titles in print VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA Please visit our website at www.VelocePress.com for more information on our company and our books
