

# Integrity

- "Honesty is telling the truth to other people, and integrity is telling the truth to myself."
- Integrity is wisely choosing between what is right and what is wrong. If a person has nothing else, he can always feel proud of his integrity.
- Integrity means being honest and authentic to oneself and following a strict set of rules. Without integrity, the world would be merely anarchy.
- In the academic field, there are a set of moral codes and ethical policies that are to be abided by.
- Completing one's work without plagiarizing from someone else's work, not cheating on home tests and assignments, and working ethically are the significant milestones one has to achieve for building up his academic integrity.
- People with professional integrity have a significant benefit at the workplace because they do not have to put in any extra effort, to be honest, and become a person on whom everyone depends.
