Mail-Orders Sunka Simon,2002-03-21 While the advent and structure of electronic mail has been discussed in web caucuses newspapers hypertext theory and communication theory it has not yet been considered in conjunction with epistolary scenarios in film art and literature To address this gap Mail Orders explores the status of the epistolary form at the end of the twentieth century and its connections to feminist criticism literary theory and postmodernism One of the first works to consider electronic mail in relation to the history of epistolary fiction Mail Orders concerns itself with individual letters as well as fiction written in letter form and widens the debate on the often postulated death of letters by considering the epistolary connections between the eighteenth and twentieth centuries systems of communication and representation

and Lesbian Themes David William Foster, 1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored. This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works. Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources. The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified. The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture. The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States. The entries are written by roughly 60 expert contributors from Latin America, the U.S., and Europe.

Funhouse Sergio Kokis, 1999-04-01 In the tradition of such great Latin American magic realists as Jorge Amado, Sergio Kokis recreates the magic world of a child in Brazil. The novel is told from the point of view of a Brazilian painter in exile somewhere in the northern climes, a man who longs for the warmth and vibrancy of his childhood. But his childhood and adolescence were not easy. Torn between a deeply religious and superstitious mother and his father, a man of science and reason, the young man survives his home life, life at boarding school, and life abroad to become an artist and a person in his own right.

Funhouse Le pavillon des miroirs in French has won four major literary awards in Quebec: Grand Prix du livre de Montréal, Prix de l'Académie des lettres du Québec, Prix Québec Paris, and Prix Desjardins.
