Hunter Guide Jamaica:

Adventure Guide to Sweden Elisabet Olesen,2006 The clean air smelling of spruce and moss in the summer and of newly fallen snow in winter is unforgettable in Sweden Written by a native this is the definitive guide to a country that is nearly 80% mountains vast forests lakes and wilderness But this book covers all from cities and villages to the Midnight Sun Coast the islands to the Lapland area Art culture folklore shopping walks watersports and more Town and regional maps

Adventure Guide to Jamaica ,2001 **Kingston, Negril and Jamaica's South Coast** John Bigley,2009-08-10 Following is an excerpt from this guide that specializes in some of the most popular areas of Jamaica Also included in the guide is complete detail on where to stay where to eat what to see and what to do to make your trip unforgettable We landed at Kingston s Norman Manley International Airport long after dark The city was celebrating Friday night in its traditional manner the Friday Night Jam filled the streets with people glad the work week was over We were in Kingston But not for long Our ride was taking us out of the city and up the Blue Mountains to Strawberry Hill For the next hour we wound our way through the city streets that we d return to in later days finally making our way out of the humidity and crowds and into the hills The air grew cooler as we climbed moving slowly back and forth on the switchback road Finally we were there A pale glow lit the main building and restaurant around the property we could see the small cottages outlined in dim light But the real sight was from the restaurant itself From here we could see the lights of Kingston in the distance far below us The city was still partying down there but here all was quiet as most visitors went to bed early ready to rise the next morning to a foggy sunrise and a forest draped in quiet mist We d be bird watching the next day It was time for our Friday Night Jam to end not to reggae or dancehall music but to the sound of night frogs and insects in the nearby forest The capital city of Kingston lies on the south shore This metropolitan area of over 800 000 residents is visited primarily by business travelers Within this sprawling metropolis however beats the true heart of Jamaica Travelers interested in the culture and history that define this island nation should make time for a visit to Kingston the largest English speaking city Kingston is big brash and boisterous Life spills out from storefronts and homes onto the streets filling the sidewalks and every inch of available space Goats roam the downtown area sidewalk vendors peddle all type of merchandise from carts and tables pedestrians are everywhere Kingston dates back to 1692 The city is built along the harbor stretching from the Blue Mountains in the east to the boundaries of Spanish Town in the west Kingston is not for everyone It does not offer a relaxing fun in the sun vacation Head to the North Coast resort communities for that type of getaway Instead if you ve had a few dates with Jamaica and you re ready to visit her parents then it s time to head to Kingston Things aren t always pretty here but its a necessary part of the experience No sheet no eat is the motto of the weekly toga party at this resort known for its adults only atmosphere Hedonism II attracts fun loving couples and singles over age 18 who come to this westernmost point of Jamaica for a vacation of sun sand and something more Guests leave their inhibitions behind seeking pleasure in the form of festivities like Toga

Night buffets to tempt the most devoted calorie counters bars open until 5 am and nonstop adult fun The real wildness in Negril lies just outside the city limits Here in an area known as the Great Morass you can see a side of the country that most visitors never glimpse Crocodiles not vacationers lie in the steamy afternoon sunshine Peddlers sell not marijuana but shrimp caught using techniques over 400 years old And spectacular birds not parasailers fill the air with dashes of color and a cacophony of exotic sounds Today Negril has gained respectability and is home to all types of resorts that attract everyone from swingers to families Law mandates that no building here can be taller than a palm tree so low rises follow the coast from Bloody Bay named for the days when the whalers cleaned their catch here to the cliffs at its southern end where the Negril Lighthouse still signals the rocks to ships

A Brief Guide to Ghost Hunting Leo Ruickbie,2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more

Wagman,2012-01-01 During September October and November an army of hunters twenty five percent larger than the entire United States Marine Corps marches across country to the Cowboy Hunting lands of the Rockies For every one who makes the trip countless others wish they could but simply don t know how This book hopes to help them Yes it is a book about hunting but really it is a book about adventure It is a book about leaving day to day life and living for a short time in a world 180 degrees and thousands of miles in another direction Any time two or more hunters gather it will be only a matter of minutes before the conversation becomes a festival of hunting stories Each story spawns another one which leads to another one and yet one more While this is a how to book it is also a collection of stories gleaned from those who have lived them Each story is true or at least as true as the memories of old Cowboys can be
