Peter M. Mirabito

Mark F. Sanders
John L. Bowman

The background of the cover features a detailed microscopic illustration of a cell colony. The colony is composed of numerous small, rounded cells, some of which are connected by thin, filamentous structures. The cells are rendered in shades of green and blue, with a textured, almost crystalline appearance. A central cell is highlighted with a bright, circular glow, drawing the viewer's eye. The overall composition is set against a dark, gradient background that transitions from black at the top to a lighter, yellowish-green at the bottom.
