with everything you have and still feel like you are losing your child Are you doing everything the church told you to do and still watching your child drift further from the faith you are trying to pass on Are you starting to wonder if the parent you are at the end of a hard day is undoing everything you are trying to build Are you holding your child at arm s length from God without meaning to simply because nobody ever showed you a better way It is a Tuesday evening Dinner is cold Someone is crying You raised your voice again said something you did not mean and now you are standing in the hallway wondering how a day that started with prayer ended up here You love God You love your child You have read the books sat through the sermons and tried every approach you have been handed And yet something is still missing The formula is not working The child in front of you is not responding the way the chapter said they would And the quiet fear that you are somehow failing them spiritually relationally and personally will not go away no matter how many times you tell yourself to do better tomorrow Every parent who cares enough to notice that gap has felt that fear Years of working with Christian families studying Scripture and listening to what parents are actually struggling with behind closed doors produced this book What came out of that work was an honest grace filled way of seeing your child your role and your God that changes everything about how you show up even on the hard days You ll love this book because it saves you countless hours of learning how to Tell the difference between a well behaved child and a Christ centered one and stop spending years chasing the wrong goal Apply what the Bible actually says about discipline instead of what it has been misquoted to say for far too long Identify whether your child will not obey or genuinely cannot and stop making things worse by treating both the same way Parent the strong willed child without crushing the very thing that will make them extraordinary Stay connected to a teenager who is pulling away before the distance becomes something neither of you knows how to cross Build a home where faith is lived honestly rather than performed for appearances Reach and raise a neurodiverse child who does not fit the standard Christian parenting mold Keep showing up faithfully during the long seasons when you cannot see a single sign that anything is working Let go of your child without giving up on them Every parent who reads this book will finish with a clearer picture of what they are actually building a more honest understanding of the child God placed in their care and less fear about the gap between where that child is today and where they are praying they will be The audio version is also available so you can take every chapter with you in the car on a walk or wherever your day takes you and keep coming back to what matters most without having to sit down with the book every time For the parent who is already skeptical If you have read parenting books before and felt more guilty leaving than when you started this one is different There are no promises here that your child will turn out a certain way if you follow the steps There is no shame waiting for you between these pages for the mistakes you have already made There is no single method presented as the only biblical option This book was written for the parent who is done pretending they have it together who loves God and loves their child and who is ready to trade the pressure of performance for the freedom of raising their child with genuine grace based faith If these years matter to you and they do

way through *Building the Christian Family You Never Had* *Homeschooling: The Primary Years* Shirley Erwee, 2015-07-13 An invaluable guide for families embarking on the journey of educating their primary school age children at home One of the biggest challenges for homeschooling parents is to break away from the model of education they received in school and to re educate themselves about Education as the conventional classroom methodology is not the model of pedagogy teaching that works best in the homeschool scenario This book offers tried and tested alternatives that will enrich and facilitate learning rather than hinder the process of educating young minds Having been part of the first generation of South African homeschoolers the author shares her knowledge plus tips and advice she has learnt along the way in order to help others make good choices and avoid common pitfalls and costly mistakes *Christian Parenting* Gardiner Spring, 2014-12-30 Be what you wish your child to be the saying goes So much is accomplished by the power of example It influences children long before instruction can inform or authority can bind Rules constrain example is alluring Rules compel example persuades Rules are a dead law example a living law Next to the law of conscience example is the first law with which children are acquainted and it often remains their strongest motive to action after all others are forgotten Children are imitative beings and they quickly understand what they see and hear The example of an affectionate and watchful parent is a powerful influence No child is too young to be the accurate observer of its parent s conduct and to be purified or contaminated by that example However unwittingly we are constantly molding our children s minds habit and character by the power of our example Who among us desires for our children to be unyielding overbearing contemptuous unkind unfriendly or discourteous But if they discover these in us our example will govern their conduct Perhaps most to the point in this very affluent society we do not want our children to be afraid of work or hardship so why do we ourselves pursue fashion and leisure The message quickly forms in their minds My parents do not consider hard work or diligence or redeeming the time to be reputable or pleasurable They are satisfied with an easy life With such a message is it likely that our children will aspire to hard work usefulness and accomplishment We want our children to be honorable and completely truthful We want them to be punctual and thorough But if they hear us extolling these virtues and know that instead we bend the truth and are disorganized and careless will not our conduct trump our teaching *The Ultimate Grace-Based Parenting Handbook to Raising Rock-Solid Teenagers* Nathalie Shirailey, 2019-12-26 Would you like to lead a Grace based parenting style that mirrors God s love and reflects His forgiveness to your teenager without being legalistic judgmental and overbearing Unlike many Christian and circular books out there that place a strong emphasis on setting tight boundaries and applying rigid rules to accentuate discipline this guide will equip you with Grace centered teachings in parenting your teenager through our Heavenly Father perennial love and relentless Grace to bring them up the way He ordained them to be honing them to be secure confident and accepted for who they truly are Inside you will discover How to Rest and See God Work Miracles in Your Teenage Children How to Correct and Mentor Your Teenage Children by God s Grace How to Ensure a Fail Safe
