new kind of environmentally friendly lemonade stand then you'll likely have to spend the money on equipment or research not on buying lemons and sugar. Second and maybe most importantly, small business grants are hard to qualify for and even harder to find. There's a lot of misinformation, dead old websites, confusing databases, complicated government restrictions, discontinued contests, and more out there. To help out, I have compiled a list of verified startup grants and small business grants for you to check out. I have categorized them in seven different ways so you can figure out which grants are the best option for you to pursue for your business.
