La Musique Et Lineffable:

La musique et l'ineffable Vladimir Jankélévitch, 1983 Qu est ce que la musique Selon Jank l vitch il y a dans la musique une double complication g n ratrice de probl mes m taphysiques et de probl mes moraux Car la musique est la fois expressive et inexpressive s rieuse et frivole profonde et superficielle elle a un sens et n en a pas Il y a une ironique disproportion entre la puissance incantatoire de la musique et l in vidence fonci re du beau musical

Music and the Ineffable Vladimir Jankélévitch, 2024-05-14 The classic work on the philosophy of music now available in English to a new generation of readers Vladimir Jank l vitch left behind a remarkable body of work steeped as much in philosophy as in music His writings on moral quandaries reflect a lifelong devotion to music and performance and as a counterpoint he wrote on music aesthetics and on modernist composers such as Faur Debussy and Ravel Music and the Ineffable brings together these two threads the philosophical and the musical as an extraordinary quintessence of his thought Jank l vitch deals with classical issues in the philosophy of music including metaphysics and ontology These are a point of departure for a sustained examination and dismantling of the idea of musical hermeneutics in its conventional sense Music Jank l vitch argues is not a hieroglyph not a language or sign system nor does it express emotions depict landscapes or cultures or narrate On the other hand music cannot be imprisoned within the icy morbid notion of pure structure or autonomous discourse Yet if musical works are not a cipher awaiting the decoder music is nonetheless entwined with human experience and with the physical material reality of music in performance Music is ineffable as Jank l vitch puts it because it cannot be pinned down and has a capacity to engender limitless resonance in several domains Jank l vitch s singular work on music was central to such figures as Roland Barthes and Catherine Cl ment and the complex textures and rhythms of his lyrical prose sound a unique note until recently seldom heard outside the francophone world
