

Next Generation Science Standards

The Next Generation Science Standards (NGSS) are based on a **framework for K-12 science education** that was created by the National Research Council, setting the bar for what students should know and be able to do.

As a parent or teacher (or both 😊), it's important to understand them so that you can not only **create stimulating classroom learning experiences**, but also teach your students how to properly connect science disciplines and other content areas.

In this infographic, we'll walk you through the three dimensions of the standards with short, student-friendly descriptions to get the gears in your young scientists' and engineers' brains turning:

**SCIENTIFIC AND
ENGINEERING
PRACTICES**
(PRACTICES)

**DISCIPLINARY
CORE IDEAS**
(DCIs)

CROSSCUTTING
