Globalization, Gender Politics, and the Media Carolina Matos, 2016-11-16 From advertising to television and film feminist media scholars have examined the changing nature of media representations from the 1990 s onwards in comparison to the 1950s in the UK and the US Many debates focus on the current ambiguity surrounding media representations which are inserted within post feminist texts that tend to equate female empowerment with choice

individualism and consumerism This has occurred in a context where there have been some achievements in gender equality worldwide with women occupying more spaces in the marketplace business and government In the last decades Latin America has been through many changes Inequality levels have been reduced and political trends have resulted in the election of female politicians throughout the continent corresponding with a revival of gender politics and feminist movements At the same time however countries like Brazil are still home to gender discrimination and inequality with high levels of domestic violence towards women low levels of political representation a culture of machismo and the enduring predominance of stereotypical gender representations in the media Globalization Gender Politics and the Media looks at the correlation between gender inequality in society with media representations situating the case of Brazil and Latin America within the global quest for gender justice It emphasizes the need to equate material and economic concerns with the examination of the reproduction of values and beliefs on gender through cultural and media outlets Questions that are asked include how can the media better contribute to assist in gender development and nation building How can online platforms make a difference What can be done within the mainstream media to advance women s rights What is understood by the myth of the Brazilian woman and how does this connect to other notions of what the Third World woman is Using a triangulation methodology this book includes a small selection of interviews with experts from international organizations politicians in Brazil and bloggers as well as a sample of media analysis of ads commercials posters campaign material and feminist blogs to examine the challenges that gender equality faces in this country and the ways in which the media can make a difference

Journalism and Gender Margaretha Geertsema-Sligh, 2025-08-12 Informed by global and intersectional feminist perspectives this textbook offers a broad introduction to the role of gender in journalism and considers how women in particular are represented in the news This book begins by introducing theoretical approaches to journalism and diversity feminisms and intersectionality and media sociology With reference to more than 90 countries and an emphasis on the Global South it offers an expansive history of gender in journalism and insights from multiple global surveys The next part of the text deals with women s participation in news production highlighting the challenges of men dominated newsroom cultures From there the focus shifts to the way news media represent women in the news including in relation to politics war and violence The book concludes with a discussion of gender in international media development gender and media activism and gender in journalism education Students are supported by chapter summaries discussion questions and a glossary of key terms to help reinforce knowledge and understanding Inspiring students to incite positive change in the industry *Journalism and Gender* is an essential text for those approaching this topic for the first time This textbook features an e book with interactive features such as links to websites quizzes and flash cards

Virtual Gender Alison Adam, Eileen Green, 2005-08-03 As yet there has been relatively little published on women s activities in relation to new digital technologies *Virtual Gender* brings together theoretical perspectives from feminist theory the sociology of technology and

gender studies with well designed empirical studies to throw new light on the impact of ICTs on contemporary social life A line up of authors from around the world looks at the gender and technology issues related to leisure pleasure and consumption identity and self Their research is set against a backcloth of renewed interest in citizenship and ethics and how these concepts are recreated in an on line situation particularly in local settings With chapters on subjects ranging from gender switching on line computer games and cyberstalking to the use of the domestic telephone this stimulating collection challenges the stereotype of woman as a passive victim of technology It offers new ways of looking at the many dimensions in which ICTs can be said to be gendered and will be a rich resource for students and teachers in this expanding field of study
