

## ABOUT THIS HANDBOOK

### Machine Models

This handbook provides information for the JCB 1CX machine from serial number 751600 to 752999 and from 806000 onwards.

### Location of Handbook

The handbook is located in a pocket on the seat back, as at **A**. The handbook should always be returned to its correct storage.

### Using this Handbook

The illustrations in this handbook are for guidance only. Where the machines differ, the text and/or the illustration will specify.

This handbook is arranged to give you a good understanding of the machine and its safe operation. It also contains maintenance information and specification data. Read this handbook from front to back before using the machine for the first time. Particular attention must be given to all the safety aspects of operating and maintaining the machine.

General warnings in this chapter are repeated throughout the book, as well as specific warnings. Read all the safety statements regularly, so you do not forget them. Remember that the best operators are the safest operators.

Finally, treat this handbook as part of the machine. Keep it clean and in good condition. Do not operate the machine without a handbook in the cab. If there is anything you are not sure about, ask your JCB distributor or employer. Do not guess, you or others could be killed or seriously injured.

The manufacturer's policy is one of continuous improvement. The right to change the specification of the machine without notice is reserved. No responsibility will be accepted for discrepancies which may occur between specifications of the machine and the descriptions contained in this publication.

INT-1-2-5/1

### Units of Measurement

In this handbook, the S.I. system of units is used. For example, liquid capacities are given in litres. The Imperial units follow in parenthesis ( ) eg 28 litres (6 gal).

### Page Numbering

The page numbering system in this handbook is not continuous. There is a gap between sections. This allows for the insertion of new pages in later issues of the handbook.

### Left Side, Right Side

In this handbook, unless otherwise specified in the text, 'left' and 'right' mean your left and right when you are seated in the machine facing the loader end as shown at **B**. The only exception to this is in 'Backhoe Controls' in OPERATION section. This is because you will be facing the backhoe (rear) end of the machine, as shown at **C**, when operating these controls and your left and right are reversed.

### Using the Machine

To use the 1CX efficiently and safely you must know the machine and have the skill to use it. This handbook instructs you on the machine, its controls and its safe operation. It is not a training manual on the art of loading and excavating. If you are a new operator, get yourself trained in the skills of using a 1CX before trying to work with it. If you do not, you will not do your job well, and you will be a danger to yourself and others.
