How Minds Work Natalie G.,2014-12-26 Can we change ourselves Is it worth it Find these answers from the book instead of trying to change yourself to fit into their mold nor try and change them to fit ours it is not what we are called to do

The Compassionate Mind Approach to Beating Overeating Kenneth Goss,2011-01-27 This self help book explores the problems created by having ready access to high fat foods designed to taste good Because we evolved in conditions of relative scarcity we have few natural food inhibitors and so most diet books try to encourage people to inhibit their eating by highly rule governed behaviours which have to be constantly worked at However this can lead to various forms of self criticism which can undermine efforts at self control As a result our relationship with eating can be complex multifaceted and problematic Beating Overeating Using Compassion Focused Therapy uses Compassion Focused Therapy a groundbreaking new therapeutic approach to understand and work with our urges and passions for food We can learn to enjoy and accept food and pay attention to our biological and emotional needs This book is for people who have tried diets and found that they don t work and will enable the reader to have a healthier and happier relationship with food and their body Topics covered The relationship between our brains and food the evolutionary background to finding conserving and eating food How too much or too little food affects the brain why diets don t work factors affecting our eating behaviour tastes stress comfort etc Body shape and culture Developing an inner compassion for one s relationship with food recognising what we need and what is helpful
