Rent Your Way To Freedom Eric Nies, 2018-06-11 We're conditioned to believe a house is the best investment we can make yet it is not so cut and dry This analysis shows why renting may not be as bad of a decision even more favorable than owning And why owning a house is not as advantageous as what conventional wisdom would propose **Factors to Consider in Buying Vs. Renting a Home**, 2015 **Renting Versus Owning and the Role of Income Risk** Rainer Schulz, Martin Wersing, Axel Werwatz, 2009 In a world with complete markets and no transactions cost the decision whether to rent or buy a home is separate from a household's professional income risk If markets are incomplete and have frictions however profession specific income risk regional house price risk and mobility needs will interact and should affect the tenure mode choice Using panel data from West Germany we establish homogeneous profession groups and estimate their regional net income risk and regional mobility We then examine the impact of the risk and mobility variables on the tenure mode decision at the aggregate and the individual household level We find that the diversification potential of renting affects the tenure mode choice as do mobility needs Tenure mode choice background risk household mobility **Renting Versus**

Owning and the Role of Human Capital Rainer Schulz, 2014 In a world with complete markets the decision whether to rent or buy a home is not influenced by risks related to human capital If markets are incomplete and have frictions however this may change Renting should become more likely the more mobile a household has to be and the more income risk can be diversified Using household panel data from Germany we test both predictions We find that mobility requirements have a positive effect on the probability of renting This effect is robust even after controlling for state dependence unobserved heterogeneity and other factors known to influence the tenure mode choice Our data however does not support the hypothesis that potential to diversify net risk income when renting affects the tenure mode choice Owning Versus Renting Neil H. Buchanan, 2012 This document gathers together 22 essays that were originally published as online commentary by Professor Neil H Buchanan between 2008 and 2012 All but one of the essays first appeared on the Dorf on Law blog In these essays Professor Buchanan discusses the arguments for and against government support of individual home ownership Most of the essays focus on how to move away from the model of individual ownership The latter essays however begin to embrace the possibility that home ownership incentives should be expanded to mitigate the current upside down quality of those subsidies and to preserve middle class professional jobs These essays were also included in the continuing legal education materials for the Teaching Tax session at the 2012 Joint Fall CLE meeting of the ABA Sections of Taxation and RPTA in Boston on September 14 2012 Home Ownership: The American Myth Mitchell A. Levy, 1992-01-01 Myth Breakers is chartered with analyzing the current myths in society documenting misconceptions where appropriate In this book they have analyzed the concepts of home ownership renting saving money It is filled with easy to understand examples analyzing various rent vs buy situations concluding in some cases that it could be more economical to rent save than to own The goals of the book are to 1 break the myths of home ownership 2 put a rational approach back into home buying to 3 stop renters from feeling like second class citizens This is done by simplifying the rent vs buy analysis focusing the reader's attention on both the financial non financial reasons for home ownership The spreadsheets which can be purchased directly by the reader help the user to conduct their own analysis They are not necessary to benefit from the concepts in the book The purpose is not to dissuade the reader from purchasing a home but to give the reader the information necessary to either 1 purchase a home for the right reasons or to 2 rent save a significant amount of money The book is 14 95 The spreadsheets are 19 95 book is required P H is 3 for the first item 1 for each additional item California residents add sales tax Send orders to Myth Breakers 19672 Stevens Creek Boulevard Suite 200 Cupertino CA 95014 Phone 408 257 7257 or 800 654 MYTH
