Introductory essays consider the Prayer Book and Anglican identity the impact of colonialism approaches to Prayer Book revision in different Anglican Provinces the influence of the BCP on other liturgical traditions and their influences on the BCP and supplemental books

Significant attention is given to inculturation of worship in an introductory essay and in several essays throughout the volume

Several essays consider the language of the BCP including questions of translation and inclusive and expansive language

Because the Prayer Book is not just a text but also a script for worship the handbook includes essays on worship space rubrics and music

The remaining sections consider theologies and practices of the liturgical year

Christian initiation baptism confirmation admission to communion services of the word daily offices and eucharist eucharist ordination and ministry and pastoral offices

While many of the essays introduce historical background the focus is the interpretation and use of contemporary Prayer Books with attention to the impact of the twentieth century Liturgical Movement

Since the 1980s Anglicans have met through the International Anglican Liturgical Consultation to consider principles for liturgical revision and to share news of developments in their home Provinces and several essays take note of the findings of these consultations
