How Alexander Hamilton embraced American oligarchy to jumpstart American prosperity Forgotten founder no more

Alexander Hamilton has become a global celebrity Millions know his name Millions imagine knowing the man But what did he really want for the country What risks did he run in pursuing those vaulting ambitions Who tried to stop him How did they fight It s ironic that the Hamilton revival has obscured the man s most dramatic battles and hardest won achievements as well as downplaying unsettling aspects of his legacy Thrilling to the romance of becoming the one man inventor of a modern nation our first Treasury secretary fostered growth by engineering an ingenious dynamo banking public debt manufacturing for concentrating national wealth in the hands of a government connected elite Seeking American prosperity he built American oligarchy Hence his animus and mutual sense of betrayal with Jefferson and Madison and his career long fight to suppress a rowdy egalitarian movement little remembered today the eighteenth century white working class Marshaling an idiosyncratic cast of insiders and outsiders vividly dramatizing backroom intrigues and literal street fights and sharply dissenting from recent biographies William Hogeland s *The Hamilton Scheme* brings to life Hamilton s vision and the hard knock struggles over democracy wealth and the meaning of America that drove the nation s creation and hold enduring significance today **American Literature** Julian Hawthorne, Leonard Lemmon, 1891
