Mosby's Radiation Therapy Study Guide and Exam Review Leia Levy, 2010-11-22

Reinforce your understanding of radiation therapy and prepare for the Registry exam. *Mosby's Radiation Therapy Study Guide and Exam Review* is both a study companion for *Principles and Practice of Radiation Therapy* by Charles Washington and Dennis Leaver and a superior review for the certification exam offered by the American Registry for Radiologic Technology (ARRT). An easy-to-read format simplifies study by presenting information in concise bullets and tables. Over 1,000 review questions are included. Written by radiation therapy expert Leia Levy, with contributions by other radiation therapy educators and clinicians, this study tool provides everything you need to prepare for the ARRT Radiation Therapy Certification Exam. This title includes additional digital media when purchased in print format. For this digital book edition, media content is not included. Over 1,000 multiple-choice questions in Registry format are provided in the text, allowing you to both study and simulate the actual exam experience. Focus questions and key information in tables make it easy to find and remember information for the exam. Review exercises reinforce learning with a variety of question formats to fit different learning styles. Questions are organized by ARRT content categories and are available in study mode with immediate feedback after each question or in exam mode, which simulates the test-taking experience in a timed environment with ARRT exam-style questions.
