## Microsoft Project Quick Reference Guide 20:

□□□□□□,1981 **Project 2003 Personal Trainer** CustomGuide Inc,2005 Now included with Microsoft Office Project 2003 is the world's leading project management tool. With extensive help resources and printing assistance, Project 2003 enables users to organize and track tasks and resources efficiently to keep projects on time and within budget. If you want to realize the immense potential of Microsoft Project 2003 and harness the many features and functionality of this powerful tool, you need Project 2003 Personal Trainer. It includes everything you want to know about Project 2003 and then plenty more. It's the most complete and engaging tutorial available for Microsoft Project. As part of O'Reilly's new Personal Trainer Series, this book is based on content from CustomGuide, www.customguide.com, a leading provider of computer training materials that fly in the face of traditional dry course materials that bore users to tears. CustomGuide is dedicated to delivering courseware, quick references, software bulletins, and e-learning courses that are fun, flexible, and easy to use. And this book is no exception to their rule. Project 2003 Personal Trainer lets you, whatever your technical expertise or lack thereof, learn exactly what you need to know at your own pace. Unlike many consumer software tutorials that dumb down and dull up the material or make it exceptionally technical and confusing, this book is written in a style that you'll find entertaining, easy to follow, and most of all, clear and informative. Beginning with the fundamentals of planning and managing a project with Microsoft Project 2003, the book then includes sections on working with the task list, managing costs, timelines, and available resources, using the project database, viewing and updating a project, tracking progress, creating reports, handling multiple projects. The fully illustrated Project 2003 Personal Trainer features dozens of time-saving, task-oriented lessons, includes detailed diagrams, and comes with a fully interactive CD tutorial to guide your learning. Everything you need to become a Project pro. **PC Mag**, 1985-01-08. PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Harris, 2008. A user guide and training manual written for Project Management Professionals who wish to learn how to plan and control projects in an established Primavera P6 and earlier Enterprise versions with or without Resources and Roles. Project This book is an update of the author's Primavera Version 5.0 book and contains more chapters including Global Change, Multiple Project Scheduling, Managing the Enterprise Environment, Resource Optimization, and Leveling. It has been written using the Construction and Engineering version but may be used by any industry and covers Versions 4 to 6. The book is packed with screen shots, constructive tips, and contains workshops with solutions at the end of each chapter for the reader to practice the skills taught. This publication ideal for people who would like to quickly gain an understanding of how the software operates up to an intermediate level. It covers Primavera Versions from 3.5 onwards and it explains some of the differences from SureTrak P3, Microsoft Project, and Asta Powerproject to assist people converting from other products. The

book is designed to teach planners and schedulers in any industry how to setup and use the software in a project environment It explains in plain English and in a logical sequence the steps required to create and maintain an unresourced and resourced schedule It tackles some of the more complex aspects of the software that the user manual does not address It highlights the sources of information and the methods that should be employed to produce a realistic and useful project schedule
