REFLECTION ESSAY

As I sit down to reflect on my time in the English major at Berry, I'm roughly three months removed from my last English class. At the moment, I'm in the middle of a semester-long student teaching experience at Armuchee High School, finishing out my Secondary Education minor and preparing for the "real world" of teaching that awaits me after May 10th. At this point, I've got some well-needed temporal, as well as practical, distance between myself and the English classes that were a staple of my time at Berry. Truth be told, I miss them. On a more relevant note, I'm thankful for them. In combination with my own extensive extracurricular studies of literature – e.g. my annual summer reading and research projects with books like *Ulysses*, *Gravity's Rainbow*, and *Infinite Jest* – my English studies at Berry have not only given me knowledge that I am using right now in the high school classroom but also made me an overall better, more critical reader and writer. Good Introduction Paragraph On Reflection Paper:

The Humble Essay Roy K. Humble,2023-04-01 The Humble Essay is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It's the kind of friend that will coach you through a tough time and encourage you and it will make you laugh while you go through it It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle of learning how to write like a college student and doesn't just tell you what you want to hear His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be He writes to students in language they can understand without becoming English majors and with just enough humor to keep them reading He writes for faculty moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes Perhaps most importantly Humble understands that the price of a book matters to students so his books are affordable From every perspective Humble gets it The Humble Essay has students covered on these important topics

Understanding the college essay as an idea Grasping the stages of the writing process Organizing the college essay around cohesive paragraphs Thinking for yourself as a college student Gathering and synthesizing sources and information Guiding readers through a thoughtful college essay
