**Independent Luxury** Jonas Hoffmann, Laurent Lecamp, 2015-07-26 In recent years luxury brands have deviated from the principles of craftsmanship rarity uniqueness and heritage Conglomerates such as LVMH and Richemont have grown at an unprecedented pace and show no sign of slowing This book explains the importance of innovation and argues why independent brands are vital to the survival of the industry

**The Labor of Reinvention** Lin Zhang, 2023-03-07 From start up founders in the Chinese equivalent of Silicon Valley to rural villages experiencing an e commerce boom to middle class women reselling luxury goods the rise of internet based entrepreneurship has affected every part of China For many reinventing oneself as an entrepreneur has appeared to be an appealing way to adapt to a changing economy and society Yet in practice digital entrepreneurship has also reinforced traditional Chinese ideas about state power labor gender and identity Lin Zhang explores how the everyday labor of entrepreneurial reinvention is remaking China amid changing geopolitical currents She tells the stories of people from diverse class gender and age backgrounds across rural urban and transnational settings in rich detail providing a multifaceted and ground level view of the twenty first century Chinese economy Zhang explores the surge in digital entrepreneurialism against the backdrop of global financial crises the U S China trade war and the COVID 19 pandemic She argues that the rise of internet based industries and practices has simultaneously empowered and exploited digital entrepreneurs and laborers Despite embracing high tech innovation state led entrepreneurialization does not represent a radical break with the past It has provided a means for implementing developmental goals while retaining the

importance of the traditional family and generating new inequalities Shedding new light on global capitalism and the digital economy by centering a non Western perspective The Labor of Reinvention vividly conveys how the contradictions of entrepreneurialism have played out in China *Fashion Business Cases* Leslie Davis Burns,2020-12-10 Fashion Business Cases A Student Guide to Learning with Case Studies allows students to apply what they are learning in the classroom to real life situations in the global fashion industry Adapted from the Bloomsbury Fashion Business Cases BFBC online resource this text will aid instructors in providing high quality examples from scholars around the world A mix of introductory intermediate and advanced cases ensure that students of all levels can develop the business communication and problem solving skills required of fashion industry professionals Topics range from corporate social responsibility and sustainable fashion to transparent brand communication and cultural sensitivity This book is designed to foster critical and ethical thinking as students enter the fashion industry Key Features 40 cases studies of introductory intermediate and advanced level Learning Objectives and Business Questions included with each case Two introductory chapters teaching students how to use case studies effectively The Changing Face of Burberry Siân Weston,2022-12-15 Burberry s move from its craft based semi rural origin in the 19th century in England to its status as a global fashion brand and cultural object in the 21st century is traced through image archive and interview **Forbes** ,2000 International Business in the New Asia-Pacific Terry Wu,Nailin Bu,2022-01-01 The Asia Pacific region sustaining more than four decades of rapid growth has emerged as an economic force comparable in significance to Europe and North America This book examines the economic geopolitical technological demographic and cultural forces that shape the international business strategies in the Asia Pacific region Specifically it examines the seismic shifts in global business environment since the new century and addresses emerging opportunities and threats in the Asia Pacific region This book offers new insights for international business in areas such as trade policy supply chains international investment technological innovation international marketing digital economy and human resources The enclosed comprehensive and diverse analyses of the international business landscape in the New Asia are invaluable to scholars managers politicians and policy makers alike This book is engaging and informative It presents a collection of diverse and cutting edge topics that offer new insights into International Business activities in the Asia Pacific region raising questions for debate and opening pathways for future research A must read book for International Business scholars Hussain G Rammal University of Technology Sydney Australia This book offers a comprehensive introduction to the general business environment in Asia It highlights the complexities and dynamics of doing business in Asia and provides insightful understandings of emerging issues in the region The chapter by chapter analyses of the region depict the rich thematic contexts in which key issues and challenges facing corporate executives as well scholars in international business I believe that this book is valuable for students of international business global business environment and regional studies Hongxin Zhao Saint Louis University USA **The Metaverse** Matthew Ball,2024-07-23 From the leading theorist of the

Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn t require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world

**The Economics of Symbolic Exchange** Alexander Dolgin, 2008-09-17 Alexander Dolgin s Economics of Symbolic Exchange is in reality not one but three books and although these semantic layers are interlinked the reader will need to choose between the different vectors and modalities One clearly evident dimension is research Certain authors introduce quite new intellectual approaches into scientific debate This requires a special frame of mind and a searching curiosity about social reality Carl Gustav Jung identified a phenomenon which he called systematic blindness when a science reaches a stage of maturity and equilibrium it categorically refuses from a sense of self preservation to note certain facts and phenomena which it finds inconvenient In Alexander Dolgin s book whole complexes of such non canonical material are to be found Here are just a few examples le exchange networks through which digital works of art are spread through the Internet bargain sales of fashionable clothing the paradox of equal pricing of cultural goods of varying quality and a discussion of whether frugality or business has the more productive influence on creativity Obviously not all the issues Dolgin raises are totally new but brought together and examined within an elegant logical framework of informational economics they pose a challenge to scientific thinking Such challenges are by no means immediately or in some cases ever acclaimed by the scientific establishment J K Galbraith for example a great American economist whose works are read
