Deb, 2009 Human Resource Management Robert L. Mathis, John Harold Jackson, 2003 This market-leading text takes a pragmatic approach, emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institute's Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production quality and service. Human Resource Management David G.

Collings, Geoffrey Wood, Leslie T. Szamosi, 2025-06-06 Written by an international team of respected scholars, *Human Resource Management: A Critical Approach*, 3rd edition, adopts a critical perspective to examine the core management function of human resource management (HRM) in all its complexity, including its darker sides. Despite over three decades of debate around the nature of HRM, its intellectual boundaries, and its application in practice, the field continues to be dogged by several theoretical and practical limitations. This textbook opens with a critique of the very concept of HRM, tracing its development over time and then systematically analyses the context of HRM practice from international perspectives on HRM. New chapters commissioned for this third edition examine HRM and consider issues including diversity and inclusion, employee well-being, digitalisation, and AI, sustainable HRM, and gig work and job deconstruction. This textbook is

essential reading for advanced and inquisitive students of HRM and for HRM professionals seeking to deepen their understanding of the complexities of their field *Human Resource Management* Sean R.
