An examination of the marriage of Isabella I of Jerusalem and Conrad de Montferrat in 1190. Medieval scandal or a matter of political expediency? Tricia Hutton Jackson,2025-10-13 Master s Thesis from the year 2024 in the subject History Miscellaneous grade 84 University of New England Humanities Arts and Social Sciences course Master of History language English abstract The marriage of Isabella I of Jerusalem to Conrad de Montferrat has been variously described as a medieval scandal bigamous and incestuous a power grab by Conrad and the Ibelin faction and a pragmatic solution to two potentially damaging crises The death of Queen Sibylla and her children during the siege of Acre led to a succession crisis in the kingdom of Jerusalem Contemporary chroniclers point to the growing tension between the Court faction which supported Sibylla s husband Guy de Lusignan as king and the Ibelin faction who supported Sibylla s sister Isabella as the rightful ruler For the marriage to take place Isabella s existing

marriage to Humphrey of Toron needed to be canonically annulled No detailed examination has been made of the validity of the annulment the validity of the Isabella Conrad marriage its reflection on 12th century marriage laws the short term and long term importance of the marriage for the future of the kingdom and in Europe and its personal impact on Isabella This dissertation addresses these omissions and seeks to establish that this contentious marriage is more important than just being the medieval scandal portrayed by contemporary chroniclers and later historians

Documents of the City of Boston Boston (Mass.). City Council,1893 **Special Papers** ,1934 **The dystopian and utopian nature of dreams in "Inception"** ,2021-01-11 Pre University Paper from the year 2018 in the subject English Language and Literature Studies Other grade 15 Punkte language English abstract With box office sales amounting to an impressive 828 million US dollars the 2010 movie Inception directed by Christopher Nolan was an instant success for Warner Bros Therefore it is hardly surprising that it is currently ranked 69th on the list of the most successful movies of all time However in order to understand what distinguishes Inception from a simple blockbuster and what makes it one of the most ingenious movies of the 21st century one has to delve deeper into its numerous layers The screenplay is based on two fictional preconditions Firstly the existence of a technology that enables the sharing of dreams and secondly that this technology became subject to a new kind of crime known as extraction which involves inserting oneself into someone s dreams to gain access to hidden information without the person being aware of it The movie s protagonist Dom Cobb Leonardo DiCaprio who is a professional thief known for being the best at the dangerous art of extraction and his team receive a tempting offer from Japanese businessman Saito They are tasked not with stealing information from someone s mind but instead with planting an idea into a person s mind an undertaking known as inception In return Dom will be cleared of all his criminal charges which would make it possible for him to return home to his children Desperate to be reunited with them once again he agrees to take on the challenge Along with his team Dom needs to convince Saito s business competitor Robert Fischer to dissolve his father s business empire once he is dead Fischer is drugged by the team and together they enter the dream world Through different dream levels each one trying to convey a different emotional message to Fischer the team dives ever deeper into Fischer s subconscious in order to plant the idea of breaking up his father s business empire into his mind Christopher Nolan walks a fine line between presenting a utopian or a dystopian world in his movie The resulting ambivalence challenges viewers to make up their own mind about what they consider to be morally right and wrong Since Inception does not foster straightforward black and white thinking viewers are left floundering in a moral grey area Instead of a clear demarcation between what we as human beings look upon as good and bad these two opposites begin to fade which in turn precisely causes that complex and unsettling ambivalence
