

## **Interim Narrative Report**

Report Date: January 31, 2012

Current Reporting Period: From: 01/01/2011 To: 12/31/2011

the six proposed project objectives and cites assessment data from pre- and post-surveys (included in report package) of students, peer mentors, and faculty.

### **1. Engage students in research through first-year seminars**

In the program's first year, 142 students conducted original research projects in small teams across disciplines. Students were recruited early in the summer, and those who were particularly interested in challenging course content received preference for selection. From the pool of all first-year students, 22% enrolled in courses designated as Keck Scholars Program courses. Only 14% of the Keck Scholars reported having participated in research projects prior to beginning the program.

### **2. Encourage faculty development in sharing their scholarship with students through learner-centered and discovery-based practices and postures**

Faculty were selected in the winter of 2011 and met throughout the spring and summer to learn how to invite first-year students to develop their own original research projects. Dr. Stephen Davis and Dr. Constance Fulmer presented ideas for how faculty could isolate aspects of their research for the purposes of the courses. Faculty shared their ideas with one another and received feedback. During the workshops, faculty also shared preliminary syllabi as way of anticipating potential challenges. During the semester they continued to meet as a group with Dr. Lee Kats and Dr. Fulmer to strategize over what appeared to be working well and to discuss areas where they wanted additional input. Surveys of Keck Scholars Program faculty revealed that eight out of nine professors reported that other professors were helpful in designing their course. Seven of nine reported that the workshops were helpful.

There were a total of nine courses taught by faculty whose fields spanned diverse disciplines. Faculty included Drs. Dorothy Andreas (Communication), Paul Begin (Hispanic Studies), Dana Dudley (American Literature), Stella Erbes (Teacher Education), Jennifer Harriger (Psychology), Darlene Rivas (History), Chris Stivers (Communication), Tom Vandergon (Biology), and Nicole Velasquez (Accounting).
