## The Guerrilla Guide to Interviewing (version 3.0)

by Joel Spolsky

Wednesday, October 25, 2006

A motley gang of anarchists, free-love advocates, and banana-rights agitators have hijacked *The Love Boat* out of Puerto Vallarta and are threatening to sink it in 7 days with all 616 passengers and 327 crew

# Guerrilla Guide To Interviewing

**Robert Crawford, Matthew Bailey**

## **Guerrilla Guide To Interviewing:**

**Writing Blurbs That Sizzle--And Sell!** Karen S. Wiesner,2018-10-09 Make your book fly off the shelves Every author knows what a back cover blurb is but crafting an effectively good one is no easy task Many writers outright dislike writing them or dread the process because so much is at stake if the blurb fails to engage A sizzling back cover blurb needs to convince readers they absolutely have to read the story inside the pages or they ll set the book down without ever opening it Additionally a powerful series blurb can sell not just one book but all of them in that set High concept blurbs are necessary in every author s marketing to provide intriguing sound bites that sell books and series Writing Blurbs That Sizzle And Sell is the definitive guide on how to craft back cover series and high concept blurbs *Adventures of a Small Game Hunter in Jamaica* Max Overton,2016-01-10 An eleven year old boy is plucked from boarding school in England and transported to the tropical paradise of Jamaica where he s free to study his one great love butterflies He discovers that Jamaica has a wealth of these wonderful insects and sets about making a collection of as many as he can find Along the way he has adventures with other creatures from hummingbirds to vultures from iguanas to black widow spiders Through it all runs the promise of the legendary Homerus swallowtail Jamaica s national butterfly Other activities intrude like school boxing and swimming lessons but he manages to inveigle his parents into taking him to strange and sometimes dangerous places all in the name of butterfly collecting He meets scientists and Rastafarians teachers small boys and the ordinary people living on the tropical isle and even discovers butterflies that shouldn t exist in Jamaica Author Max Overton was that young boy He counted himself fortunate to have lived in Jamaica in an age very different from the present one Max still has some of the butterflies he collected half a century or more ago and each one releases a flood of memories whenever he opens the box and gazes at their tattered and fading wings These memories have become stories stories of the Adventures of a Small Game Hunter in Jamaica

**How Would You Move Mount Fuji?** William Poundstone,2003-05-01 From Wall Street to Silicon Valley employers are using tough and tricky questions to gauge job candidates intelligence imagination and problem solving ability qualities needed to survive in today s hypercompetitive global marketplace For the first time William Poundstone reveals the toughest questions used at Microsoft and other Fortune 500 companies and supplies the answers He traces the rise and controversial fall of employer mandated IQ tests the peculiar obsessions of Bill Gates who plays jigsaw puzzles as a competitive sport the sadistic mind games of Wall Street which reportedly led one job seeker to smash a forty third story window and the bizarre excesses of today s hiring managers who may start off your interview with a box of Legos or a game of virtual Russian roulette How Would You Move Mount Fuji is an indispensable book for anyone in business Managers seeking the most talented employees will learn to incorporate puzzle interviews in their search for the top candidates Job seekers will discover how to tackle even the most brain busting questions and gain the advantage that could win the job of a lifetime And anyone who has ever dreamed of going up against the best minds in business may discover that these puzzles

are simply a lot of fun Why are beer cans tapered on the end anyway

*Different Blood: The Vampire as Alien* Margaret L. Carter, 2019-03-25 Different blood flows in their veins but our blood quenches their thirst From Bram Stoker's 1897 creation of Count Dracula portrayed as a foreign invader bent on the conquest of England the literary vampire has symbolized the Other whether his or her otherness arises from racial ethnic sexual or species difference Even before the bloodsucking Martians of H G Wells War of the Worlds however popular fiction contained a few vampires who were members of alien species rather than supernatural undead Even more intriguing than interplanetary invaders are humanoid and quasi humanoid beings who have evolved to live on Earth among us often camouflaged as our own kind The boom in vampire fiction that began in the 1970s engendered a variety of alien vampires many of them portrayed as sympathetic characters The science fiction vampire is especially suited to the presentation of vampirism as morally neutral rather than inherently evil Different Blood surveys the literary vampire as alien whether extra terrestrial or a different species evolved on Earth from the mid 1800s to the 1990s and analyzes the many uses to which science fiction and fantasy authors have put this theme Their works explore issues of species race ecological responsibility gender eroticism xenophobia parasitism symbiosis intimacy and the bridging of differences An extensive bibliography lists dozens of novels and short stories on the vampire as alien theme many of which are still in print

**Smart and Gets Things Done** Avram Joel Spolsky, 2007-10-17 A guide to attracting recruiting interviewing and hiring the best technical talent A comprehensive system for hiring top notch technical employees Packed with useful information and specific advice written in a breezy humorous style Learn how to find great people and get them to work for you in an afternoon The top software developers are ten times more productive than average developers Ten times You can't afford not to hire them But if you haven't been reading Joel Spolsky's books or blog you probably don't know how to find them and make them want to work for you In this brief book Joel reveals all his secrets from his years at Microsoft and as the co founder of Fog Creek Software for recruiting the best developers in the world If you've ever wondered what you should be looking for in a resume if you've ever struggled to decide whether to hire someone at the end of an interview or if you're wondering why you can't find great programmers stop everything and read this book

The Interviewer's Handbook John Joseph Brady, 2004

Preparing the Next Generation of Oral Historians Barry A. Lanman, Laura M. Wendling, 2006-05-11 Preparing the Next Generation of Oral Historians is an invaluable resource to educators seeking to bring history alive for students at all levels The anthology opens with chapters on the fundamentals of oral history and its place in the classroom but its heart lies in nearly two dozen insightful personal essays by educators who have successfully incorporated oral history into their own teaching Filled with step by step descriptions and positive student feedback these chapters offers practical suggestions on creating curricula engaging students gathering community support and meeting educational standards Lanman and Wendling open each chapter with thoughtful questions that guide readers whether unfamiliar with oral history or seeking to refine their approach in applying the examples to their own classrooms

The bibliography of further resources at the end of the anthology provides interested educators with all the information necessary to transform their lessons and show their students history's power as a living force within their own lives and communities

*The Interviewer's Handbook* John Brady, 2010-04-01 The Interviewer's Handbook provides a thorough discussion of techniques, methods, and tips for conducting a journalistic interview. It includes many of the scenarios in which journalists find themselves in the process of conducting their work, including hostile interview subjects, elusive and deceptive subjects, using email for the interview, getting answers to difficult questions, and dealing with public relations intermediaries. It provides essential advice for journalists of all skill levels and is a practical and insightful reference for anyone conducting interviews.

*Digital Dawn in Adland* Robert Crawford, 2021-06-16 Drawing on a unique study of Australian advertising agencies at the dawn of the digital era, this book provides a hitherto unexplored study of the advertising industry at a point of its disruption. By exploring the dynamic interaction between this established but complacent industry and a radically new communication medium, this book reveals how advertising agencies were forced to change fundamentally yet, as an industry, helped shape the digital economy and the platforms that dominate it. Based on contemporary reports, company archives, personal archives, and over 50 interviews with past and current advertising practitioners across the range of agency departments, this unique historical narrative reveals how power shifts between agencies, advertisers, and other media platforms forged the current models of advertiser-funded digital media. For scholars of marketing, media communication, and contemporary history, this is an illuminating perspective on the early impact of the digital revolution and its relevance to the media landscape today.

**The Interviewer's Handbook** John Brady, 2008-08-01 The Interviewer's Handbook provides a thorough discussion of techniques, methods, and tips for conducting a journalistic interview. It includes many of the scenarios in which journalists find themselves in the process of conducting their work, including hostile interview subjects, elusive and deceptive subjects, using email for the interview, getting answers to difficult questions, and dealing with public relations intermediaries. It provides essential advice for journalists of all skill levels and is a practical and insightful reference for anyone conducting interviews.

Oral History and Business Robert Crawford, Matthew Bailey, 2022-08-22 This book introduces business historians to oral history methodologies and approaches. Using four distinct oral history case studies to explore ideas of disruption and continuity in business history over the second half of the twentieth century, Robert Crawford and Matthew Bailey demonstrate how critical engagement with oral history approaches serves to enhance and enliven business history as well as its relationship with other historical fields. The focus on disruption is used to encompass a broad set of processes such as technological change, the impact of external forces, informal business networks, social constructions of gender, knowledge transfer, firm adaptability, and cultural change. The use of oral histories to interpret responses to disruption in the past and to explore the features characterising business continuity provides an opportunity to consider the human dimensions, subjective experiences, and personal insights of workplace, firm, and industry change. It also sheds light on

the ways that people and firms respond to disruptive forces through innovation and adaptation both successfully and unsuccessfully This succinct and accessible account is essential reading for business historians with little experience in using oral history as well as those looking to gain deeper insights from their oral history data
