

2

Which of the following options best exemplifies inferential comprehension?

- A.** recognizing cause-and-effect relationships in a science text about the processes of condensation and evaporation.
- B.** making connections between past personal experiences and information presented in an article about nutrition.
- C.** following a sequence of steps in a set of written instructions for creating a pattern using stencils and paint.
- D.** determining an author's point of view in a social studies text about the consequences of industrialization.

3

A kindergarten student has good oral language skills and enjoys looking at, listening to, and discussing informational picture books about a range of subjects. However, when the teacher reads aloud narrative texts, the student often seems restless and confused and is unable to answer basic questions about the story. Which of the following factors is most likely interfering with this student's construction of meaning?

- A.** lack of ability to make text-to-text connections.
- B.** limited experience with literary material.
- C.** lack of understanding of question words.
- D.** limited awareness of the alphabetic principle.
