Enter a search condition and then press 'Search'

The eTRM is a utility that reads design information in an Oracle database and displays its output in HTML format. It shows database design and dependency information for the Oracle eBusiness Suite. Enter the name of a database object (example: per_people_f) or a search condition (example: contract compliance) then press 'Search' to search for information. Alternatively you can browse the FND Model or Oracle Data Dictionary from the FND or DSA tabs.
