Jsc 2014 English 2nd Question Out

Francis Lyall, Paul B. Larsen

Jsc 2014 English 2nd Question Out:

Civil Jurisdiction and Judgments Adrian Briggs, 2015-06-12 Now in a fully updated sixth edition this book is an established treatise in the field of civil jurisdiction and judgments It states analyses illuminates and evaluates the law of civil jurisdiction and the enforcement of foreign judgments in English law with this new edition taking into account the implications of the new Brussels I Regulation recast Regulation EU 1215 2012 as well as the great number of developments in the case law which have taken place since 2009 This book looks in detail at the jurisdictional rules put in place by the recast Brussels I Regulation the common law rules of jurisdiction the principles according to which that jurisdiction will or will not be exercised the extent to which proceedings before a foreign court may be assisted or impeded obtaining interim and interlocutory relief recognition and enforcement of foreign judgments This text is an authoritative and comprehensive reference for all legal professionals working in commercial law across jurisdictions

Defences in Unjust Enrichment Andrew Dyson, James Goudkamp, Frederick Wilmot-Smith, 2016-01-14 This book is the second in a series of essay collections on defences in private law It addresses defences to liability arising in unjust enrichment The essays are written from a range of perspectives and methodologies Some are doctrinal others are theoretical and several offer comparative insights The most important defence in this area of the law change of position is addressed in detail but many other defences are treated too as well as the interrelations between these defences within the law of unjust enrichment The essays offer novel claims and ways of looking at problems in this challenging area of legal study

DIFC Courts Practice Rupert Reed, Tom Montagu-Smith, 2020-05-29 The DIFC Courts Practice is the definitive guide to the practice and procedure of the Courts of the Dubai International Financial Centre DIFC which is now firmly established as a leading international commercial court

Intellectual Property in Russia Natalia M. Udalova, Anna S. Vlasova, 2021-07-28 Intellectual property rights are essential for a firm's competitive edge and success and form the significant assets for many firms The authors of this book argue that intellectual property is a complex phenomenon which inevitably requires a combination of both economic and legal considerations because the lack of understanding of the mechanisms for the protection and preservation of IP can serve to undermine any of the potential economic benefits The book outlines the opportunities that can be derived from the use of IP in business and also identifies the rules necessary for their implementation It offers a comprehensive systemic research of intellectual property based on the most up to date legislation and cases of IP use in Russia Such an approach will allow readers to fully understand the peculiarities of IP as a special phenomenon of the Russian market There is a good balance between theoretical knowledge and practical implementation and the plain language and unique approach to structuring information make the book accessible and easy to understand It contains a special glossary of terms to facilitate the understanding of the material presented in the book Although the book looks specifically at the Russian case it will have international appeal since intellectual property by its very nature has become a transnational phenomenon Moreover the

international regulatory framework provides for the similarity of legal regulation of IP The book will find an audience among researchers concerned with the economics and law of intellectual property as well as policymakers and practitioners involved in business IP

Space Law Francis Lyall, Paul B. Larsen, 2024-07-19 As space continues to attract substantial public and private investment and has become ever more active the third edition of this book has been updated to cover recent developments This includes the legal bases of UN Resolution 76 3 the Space3030 Agenda which envisages space as a driver of sustainable development and sets out an extensive programme for the future The work also takes account of adaptations and augmentations to basic space treaties It examines the increasing commercialisation of space in areas such as space tourism and space mining for which four states have already adopted relevant legislation The impact of new technologies such as satellite constellations and micro satellites are also scrutinised At a time when space tourism is available to those who can afford it and when the moon will shortly be revisited with a prospect of permanent bases this third edition provides a firm base for the next generation of space lawyers As with previous editions the work draws from governmental international organisational and other authoritative sources as well as the relevant literature in the field The book will be an essential and comprehensive resource for students academics and researchers as well as space agencies governments and space active companies It will also be of value to technical operatives and managers who need to know the legal context within which they work
