Mazda Miata MX5 Rod Grainger, Pete Shoemark, 1994 *New Cars & Trucks Buyer's Guide*, 2006 **Kiplinger's Personal Finance**, 1989-09 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics *Runways & Racers* Terry O'Neil, 2022-02-07 *Runways and Racers* concentrates on the short transitional period 1952-1954 for sports car racing in America following the ban on public road racing in many of the States The ban left the rapidly expanding Sports Car Club of America with a problem where to hold races At precisely the same time Curtis LeMay head of Strategic Air Command was having problems obtaining funds from Congress to improve conditions on the many air bases located around the country The solution was a

marriage of convenience whereby the SCCA was allowed access to active SAC air bases to hold its race programmes. In return the SAC base would receive the net profits from the event which would be put into the Airmen's Living Improvement Fund. As a result of some initial financial success for the SAC bases the scheme was also adopted by non SAC bases together with regional clubs with the same agreement in place. Complaints from airmen alerted Congressman Errett Scrivner to potential irregularities and he ordered an audit to be conducted to ascertain precisely what it was costing the air bases to host the races. His findings led to the cessation of the races ordered by Congress. The product of a long period of extensive research by the author, this book gives a fascinating insight into this two year period complemented by over 150 period pictures many previously unpublished.

Fashion Marketing and Communication Olga Mitterfellner, 2019-11-14. Some of the usual obstacles to modern teachings of marketing are ethnocentricity, the limitation of creative thought by conformity to existing theories, lack of questioning of ethics and a disconnection from historic events or sociological discourse. This book in contrast draws together interdisciplinary approaches from marketing, branding, promotion and critical media studies as tools for understanding the way in which fashion works today and re-evaluates what makes certain fashion marketing tactics fashionable. Offering a combination of theory and practice, *Fashion Marketing and Communication* is full of international case studies, practice based examples and interviews with scholars and practitioners in the fashion and communications industry. Covering subjects including the history of consumerism, fashion marketing, the creative direction of the fashion brand and the use of bloggers and celebrities as marketing tools, this book delineates the opportunities and challenges facing the future of fashion media in the twenty first century. Examining the last 100 years of marketing and communications, current theory and practice as well as questions on the ethics of the fashion industry, this broad ranging and critical text is perfect for undergraduate and postgraduate students of fashion marketing, branding and communication.
