Drew,Michael L. Hardman,John L. Hosp,2008 The research process in this book begins with identification of the research question and proceeds through each step including planning data collection actual collection and analysis of the data and writing the report This text proceeds through multiple methodologies including experimental and non experimental quantitative and qualitative At every step the emphasis is on planning and executing the study Key features o Simulations and feedback that may be used in class sessions for both individual and small group participation o Pedagogy to help students plan and conduct a research project in an actual classroom o Examples that demonstrate and explain what constitutes good and poor research questions o Case studies and real life examples related to education o A Student Web site that provides students with the opportunity to interact with contemporary articles This book provides an introduction to research that emphasizes the fundamental concepts of planning and design It is designed to be a core text for the very first course on research methods

How Language Shapes Relationships in Professional Sports Teams Kieran File,2022-10-06 While the topic of relationships in professional sports teams is gaining greater attention from researchers and practitioners the role that coach and athlete language plays in shaping these relationships remains largely unexplored This book addresses this gap by examining how every day authentic language patterns used by coaches captains and players shape relationships in a professional New Zealand rugby team More specifically through a discourse analysis of taken for granted ritual language practices in training sessions team meetings and match day interactions the chapters of this book illustrate how coaches captains and players shape particular interpersonal dynamics of power and solidarity between themselves in and through language and in the process reflect and reconstruct shared and underlying ideologies about how relationships of power and solidarity work in their team Offering an evidence based discussion of the silent and pervasive ideologies that underpin how relationships work in professional sports teams this book extends research on this important topic by providing largely missing illustrations of consequential interpersonal dynamics that actively shape professional relationships in sports teams Written in an approachable style this book offers linguists social scientists and sports practitioners a frame of reference for greater understanding of how language directly shapes relationships of power and solidarity

The Missionary Review of the World ,1917 *Missionary Review of the World* ,1917 *The Missionary Review* ,1917 **A Second Book of Composition for High Schools** Thomas Henry Briggs,Isabel McKinney,1919 **Exploring Disciplinary Teaching Excellence in Higher Education** Marion Heron,Laura Barnett,Kieran Balloo,2021-08-13 This book explores disciplinary teaching excellence through a diverse range of student staff partnership research projects Despite being a highly contested term teaching excellence is something that universities aspire to and are expected to have However the editors and

contributors argue that not only are definitions of excellence often broad and generic but they lack nuanced understandings of disciplinary excellence in higher education This book begins by unpacking some of these contested definitions of teaching excellence followed by a series of co authored chapters produced by students and staff who have undertaken research projects where they examine teaching excellence in their respective disciplinary areas These chapters demonstrate that teaching excellence may be better understood as a process of becoming that is achieved through partnership between teachers and students This book will be of interest and value to students educators and policy makers concerned about teaching excellence as well as scholars of student staff partnerships
