What is the GED RLA “Extended Response” Question?

The Reasoning Through Language Arts (RLA) section of the GED includes an Extended Response essay question. You will only have 45 minutes to complete this essay, so it is important to familiarize yourself with the nature of the prompt. Read through this guide to become more familiar with the prompt and how to write the best response possible.

If you follow the strategies and the template provided in this guide, you will be able to produce a high-scoring essay in the time allotted!

GED Essay Overview

Since the GED Exam is administered on a computer, you will type your essay into a text box. You will first be presented with two Stimulus Passages and then you will be given an essay prompt. The Stimulus Passages will each have 4–5 short paragraphs that introduce an issue and take a stance on that issue, with one passage opposing the other. You will then be given the following prompt:

In your response, analyze both positions presented in the article to determine which one is best supported. Use relevant and specific evidence from the article to support your response. Type your response in the box below. You should expect to spend up to 45 minutes in planning, drafting, and editing your response.

Pro Tip: Remember that the 45 minutes includes the time you take to read the Stimulus Passages. Read the passages thoroughly, but quickly, and make note of any specific points that stand out to you so that you can easily reference them as you formulate your argument.

GED Essay Strategy

In order to maximize your 45 minutes, it’s important to decide ahead of time how much time you will spend on each step. We recommend following the guide below, but you should write some practice responses with a timer nearby to get a good understanding of how our guide can best serve you. Make sure you do not hand-write your practice essays, as it is always best to recreate test conditions as closely as possible when preparing.

Follow this strategy when writing your GED Essay:
