Maternity & Women's Health Care Deitra Leonard Lowdermilk, Irene M. Bobak, 1997. Formerly known as *Maternity and Gynecologic care*, the title of the 6th edition reflects the changing focus of maternity nursing toward a greater emphasis on women's health care. With a focus on the concepts of caring and critical thinking throughout every chapter, this new edition has been thoroughly revised to address today's ever-changing health care environment. It includes expanded content on health promotion, family home care, critical care, childbirth education, culture, and health care of women throughout the life span. A new full color design provides content reinforcement and visual stimulation.

Sustainable Birth in Disruptive Times Kim Gutschow, Robbie Davis-Floyd, Betty-Anne Daviss, 2021-03-22. This contributed volume explores flexible, adaptable, and sustainable solutions to the shockingly high costs of birth across the globe. It presents innovative and collaborative maternity care practices and policies that are intersectional, human rights based, transdisciplinary, science driven, and community based. Each chapter describes participatory and midwifery oriented care that helps improve maternal and newborn outcomes within minoritized populations. The featured case studies respond to resource constraints and inequities of access by transforming relations between providers and families, or by creating more egalitarian relations among diverse providers such as midwives, obstetricians, and nurses that minimize inefficient hierarchies within maternity care. The authors build on a growing awareness that quality and respectful midwifery care has lower costs and improved outcomes for child bearers, newborns, and providers. Topics include Sustainable collaborations including transfers of care among midwives and obstetricians in India, The Netherlands, Germany, United Kingdom, and Denmark. Midwifery oriented, femifocal, indigenous, and inclusive models of care that counter obstetric violence and gender stereotypes in Mexico, Chile, Guatemala, Argentina, and India. Doula care and midwifery care for women of color, previously incarcerated women, indigenous women, and other minoritized groups in the global north and south. Practices and metrics for improving quality of newborn and maternal care, as well as maternal and newborn outcomes in disruptive times and disaster settings.
