For topics where you scored well, check those the answer and try some additional questions to ensure that you are getting it right on your own.

For topics where you scored lower, read your answers in their entirety and take them apart. For all of the material that you do not know throughout the month, bring it to your team.

For the other week to fill your study schedule, read diagnostic results. If you score 80% or above on a topic, it is more than you know. If you score less, you may need to review it. Use the time that you have to study and practice it on your own or with your team.
