growing regions in both countries But as Michael Dear warns this vibrant zone of economic cultural and social connectivity is today threatened by highly restrictive American immigration and security policies as well as violence along the border The U S border industrial complex and the emerging Mexican narco state are undermining the very existence of the third nation occupying the space between Mexico and the U S Through a series of evocative portraits of contemporary border communities Dear reveals how the promise and potential of this in between nation still endures and is worth protecting Now with a new chapter updating this story and suggesting what should be done about the challenges confronting the cross border zone Why Walls Won t Work represents a major intellectual intervention into one of the most hotly contested political issues of our era
